

HUSQVARNA 525iB

Well-balanced, comfortable and efficient professional battery blower. The machine's low noise level allows you to work in the most public of settings. An easy tap on the keypad starts the machine instantly at all times and the cruise control means full focus on blowing leaves and debris away. The blower also has a boost power mode that gives you a little extra power when needed.

Low noise levels

Low noise levels enable longer working hours and the possibility to work in noise sensitive and restricted areas.

Boost effect

Maximized blowing speed during limited time through easy accessible boost mode.

Comfortable working position

Working with harness and eyelet equipped machine gives a comfortable working position.

Low maintenance

No refilling of fuel, less parts to serve and an electronically controlled drive system means less downtime and low operation costs.
